### Simatic EKB Install 2010 09 09 Zip

handyman reviews Verified account ID 226300708 Member since Sep 6, 2016 Age 52 Joined Jun 10, 2010 About me Hi, I'm from Mumbai, India Thanks for taking the time to visit my profile. You can read the feedback for my previous and other profiles as well. What I Like I am a handyperson and love working for my clients in their homes. I am available for both residential and commercial work. As a builder I can build anything from a complete new build to minor home improvement. I am reliable and professional, tidy and clean. What I Don't Like I don't like fake pictures, no pictures are needed. I do like a relaxed atmosphere in the work place. If it's too intense or stressful for you, I probably won't be the right person for the job. I don't like to be overbooked, I want a minimum of 5 days commitment. Let's get this over with. My PPI rate is £270 and I will ask you to pay a £25 admin fee and £3.50 handling fee per hour. Skills & Experience In my experience, I have only ever worked on residential projects, although that is the type of work that I like doing as it is easy and I don't need to be too technical to get the job done. I have worked for myself as a builder for over 10 years and also worked as a plumber, electrician, draughtsman, carpenter and handyman for a larger company (2,000sqft units) that I built for. I work for myself as a builder, have built many extensions, multi-story homes and also completed kitchen and bathroom renovations. I also have experience with repairing and renovating existing buildings. I repaired a butcher's shop, a large high rise block of flats, a corner shop and a garage extension. I also did a bathroom renovation. What I can offer you I am very thorough and my best work comes from being thorough. I have worked in larger than average properties and have the capabilities to get the job done. I do my own work, I don't rely on sub-contractors, which saves money. I can organise the jobs and get them done in the best way possible. 3e33713323
